Nine hundred school teachers in Schuylkill county, Pa., are moving to form a labor union. Some teachers have not received their pay in months, and by organization it is expected to receive better treatment at the hands of the school boards.

W. H. Staley and wife, and Maynard Sipes, of Allegheny, Pa., who were here attending the funeral of Miss Blanche Sipes, have returned to their homes. Mr. and Mrs. Staley spent Saturday night in the home of the latter's cousin, Mrs. Daniel Gilbert, in Chambersburg.

For coughs and colds no remedy is equal to Kennedy's Laxative Honey and Tar. It is different from all others—better, because it expels all cold from the system by acting as a cathartic on the bowels. Affords immediate relief in croup, coughs, colds, whooping cough, etc. Children love it. Sold by Stouteagle & Bro.

Miss Myrtle Sipes, who had been spending the winter in Denver, Col., returned to the home of her parents, D. V. Sipes and wife, of this place, on Friday of last week. She left Denver with the intention of reaching home in time for the funeral of her sister Blanche, but the distance was too great.

P. D. Hixson and M. A. Barkman, two of Brush Creek township's first rate citizens, spent last Thursday night as guests in the home of Superintendent Barton of this place. Mr. Hixson was here making arrangements to advertise the public sale of his personal property, which will take place on the 21st of February.

The secret of successfully riding the system of a cold is a thorough evacuation of the bowels. Kennedy's Laxative Honey and Tar does this—Liquid Cold Cure, drives all cold out of the system. Best for coughs, croup, etc. Sold by Stouteagle & Bro.

Wm. B. Skinner, Esq., a former McConnellsburg teacher, lawyer, and editor, but who, during the past twenty-five years, has been a resident of Mt. Vernon, Missouri, and has risen to the distinction of being one of the greatest criminal lawyers of the Middle West, spent last Friday night and Saturday forenoon greeting his old time friends here.

The Star says a canning factory will be built on Warm Spring Run at Hancock Station and will be finished and ready for business by the canning season which begins about August 1. This establishment will can tomatoes. The plant will be operated by Hovemale and Harrison, of Morgan county, and these gentlemen are interesting Washington county and Pennsylvania farmers in the growing of tomatoes.

Perfection can only be attained in the physical by allowing Nature to appropriate and not dissipate her own resources. Cathartics gripe, weaken—dissipate, while DeWitt's Little Early Risers simply expel all putrid matter and bile, thus allowing the liver to assume normal activity. Good for the complexion. Sold by Stouteagle & Bro.

A CAUTION TO CIGAR PEDDLERS.

The Collector of Internal Revenue Gives a Note of Warning.

It having been brought to the notice of Hon. H. L. Hershey, Collector of Internal Revenue, that a custom has grown up of parties selling cigars in small quantities at public sales on various farms throughout their neighborhood, he desires to warn all such that they are violating the law, and that the practice must stop at once, or the penalties provided by the statutes will be imposed.

A person thus traveling about from place to place selling cigars and tobacco is not to be regarded as a dealer but as a peddler. As a peddler he must give bond and otherwise comply with the law and regulations, and can only sell in full original packages as they come from the manufacturer. Even as a regular registered peddler he cannot sell less than a box at a time.

Since putting the foregoing into type, Mr. Hershey has modified his recent ruling against the selling of cigars at retail at public sales, so that the business can be carried on practically as it was before. He now holds that the injunction is laid only against those who go from sale to sale carrying their stock with them and selling or offering for sale at various places. Parties who establish a booth at a sale and sell from that booth are considered as dealers and will not be molested.

With the changes of laws and rulings that come thick and fast it keeps the average citizen busy to know "where he is at."

COUNTY MUST BEAR THE COST.

Where Persons Bitten by Mad Dogs are Too Poor to Pay for Treatment.

The cases of hydrophobia or rabies that have been reported in different parts of the State recently have prompted Commissioner of Health, Samuel G. Dixon to call attention to an act passed by the last legislature and approved by Governor Pennypacker, March 31, 1905, as the act seems to be apparently little known. It provides for furnishing treatment to needy persons who have been bitten by mad dogs and reads as follows:

"That in each and every county of this Commonwealth it shall be the duty of the proper officers of the several poor districts, in such counties, to provide all needy persons, who may be bitten by dogs suffering from hydrophobia or rabies, with the proper medical attention to prevent development of the disease in the person or persons so bitten, which medical attention may include the treatment known as the Pasteur treatment."
